

APPLICATION FOR GRANT
THE LORD DOWDING FUND FOR HUMANE RESEARCH
Millbank Tower, Millbank, London, SW1P 4QP
Tel: 020 7630 3340 Fax: 020 7828 2179

- Please refer to our enclosed 'Terms and Conditions', and 'The Use of Animal-Derived Ingredients' document for conditions, restrictions and information on the type of grants awarded by the Fund in previous years.
- If there is insufficient space for your answer to any question, please attach additional information on a separate sheet of paper and state "continued on new sheet".
- For your convenience, this document may also be found and completed online at <http://navs.org.uk/research/49/52/298> by clicking on the 'Application for Grants' link.

1) NAME OF PRINCIPAL APPLICANT:
2) POSITION / DEPARTMENT / INSTITUTION:
3) POSTAL ADDRESS:
4) TELEPHONE NUMBER (work): TELEPHONE NUMBER (mobile): TELEPHONE NUMBER (other):
5) FAX NUMBER:
6) EMAIL ADDRESS:
7) Have you, or any fellow applicants, ever experimented upon animals? If yes, when did you last do so?
8) Have you or any fellow applicants ever held a Licence under the Animals (Scientific Procedures) Act 1986, or the Cruelty to Animals Act 1876? If so, please give details:
9) Do you or any fellow applicants hold a current Personal or Project Licence under the Animals (Scientific Procedures) Act 1986? If so, please give details:

<p>10) Are you requesting a salary on behalf of another person who is not an applicant? If yes, does that person hold, or has he/she ever held, either of the licences listed above?</p>
<p>11) Have you or any fellow applicants ever published papers relating to live animal work or using animal tissues/derivatives? This should be taken to include papers on which you have been listed as co-author, with or without your knowledge at the time of publication. If yes, please mark relevant titles on CV thus, *.</p>
<p>12) Have any of the applicants submitted papers for publication, as yet unpublished, which refer to work carried out or likely to be carried out prior to approval of this application, or are any such papers likely to be submitted during the anticipated period of funding? If yes, please attach details/abstracts:</p>
<p>13) Does your project involve the use of animal tissues? If yes, please give details and reasons:</p> <ul style="list-style-type: none"> • Please refer to the document entitled "The Use of Animal-Derived Ingredients" included in the application pack
<p>14) Does your project involve the anticipated use of any other animal-derived reagents or media? If yes, please give details and reasons:</p> <ul style="list-style-type: none"> • Please refer to the document entitled "The Use of Animal-Derived Ingredients" included in the application pack
<p>15) Have you, or any fellow applicants, previously held a grant from the Lord Dowding Fund? If yes, please give name(s) and address(es) at that time:</p>
<p>16) Total funding required:</p>
<p>17) Over what period (give dates if possible):</p>
<p>18) Are you receiving funds from any other source for this or related research? If yes, please give details:</p>
<p>19) If applying for a salary for personal funding, do you receive a salary for any other service, e.g. clinical work, lecturing etc.? If so, please give details:</p>
<p>20) We may wish to send a press release to your local media if the grant is approved. This gives publicity to the researcher(s), the institution and the Fund. Do you have any objection to this?</p>
<p>21) May we approach you in the future to act as referee or express an opinion on the proposed work of other applicants in similar fields to your own?</p>

22) May we refer your application to an independent referee if necessary?

APPLICATIONS FOR FUNDING MUST BE ACCOMPANIED BY:-

- A signed covering letter on institution-headed paper
- Details of the proposed work, including estimates of the proposed duration and total costings. Where laboratory expendables are requested (e.g. glassware, reagents), an estimate of quantities required and prices must be supplied.
- Details of the proposed experimental method, with an outline of rationale and expectations. It would also be beneficial to include a lay summary of the current research environment of the project being proposed.
- A section on the estimate of relevance of the project to our primary aim, which is replacing the use of animals in biomedical research. This should include referenced details of the animal experiments that the project is designed to replace, and estimated numbers and species of animals involved. In summary, this section should include an estimate of how your research will help towards reducing the use of animals in your own and other laboratories.
- A full CV for each applicant and any person for whom a salary is requested.
- Names of appropriate scientific/medical referees.

PLEASE ENSURE THAT ALL OF THESE ARE INCLUDED IN YOUR APPLICATION TO PREVENT DELAYS IN THE APPLICATION PROCEDURE

DECLARATION:

I declare that for the duration of this project I will not hold a licence under the Animals (Scientific Procedures) Act 1986, and that none of the assistants working on this project will hold such a licence. I further confirm that none of the monies granted to me by the Lord Dowding Fund will be used as part of a project which involves any animal experiment. I agree to adhere to the terms and conditions of acceptance of a grant from the Lord Dowding Fund for Humane Research.

SIGNED BY ALL APPLICANTS:
